Medicare Part D (Federal Prescription Drug Benefit) Update

Beginning January 1, 2006, Medicare Part D, the new federal prescription drug benefit, will pay for prescription drugs for Medicare/Medi-Cal dual-eligible recipients and all other Part D-eligible recipients through private prescription drug plans. This change also applies to beneficiaries in Managed Care Plans.

Effective for dates of service on or after January 1, 2006, Medi-Cal will deny most claims for outpatient drug benefits for all Medicare Part D-eligible recipients. Six categories of drugs and supplies will continue to be covered by Medi-Cal, except in certain conditions. The six categories are listed below.

Providers supplying drugs to Medicare Part D-eligible recipients should file claims with the Prescription Drug Plan (PDP) or Medicare Advantage Prescription Drug (MAPD) Plan in which the recipient is enrolled. Recipients should have a MAPD or PDP card. Medi-Cal may be able to provide the recipient's MAPD or PDP information when providers check recipient eligibility through their Benefits Identification Card (BIC).

Medi-Cal recipients who have met their monthly Share of Cost (SOC) are also eligible for Medicare Part D. If they have enrolled in the Part D program, those who have met their SOC in a single month can receive the low-income subsidy for the remainder of the year.

Dual-eligible individuals are automatically enrolled in a drug plan. If they do not like the plan selected for them, they may select a different plan. State and federal authorities have notified Medicare/Medi-Cal dual-eligible recipients of their eligibility and enrollment responsibilities. Medicare Part D-eligible recipients must make co-payments when they purchase drugs. Providers may choose to waive co-pays or may deny service if a recipient cannot pay the co-pay.

Even though there are nine categories of drugs excluded from coverage under Part D, drug plans have the option of covering drugs within those categories. Medi-Cal will continue to pay providers' claims for the six "Part D excluded" categories of drugs that Medi-Cal currently covers. The categories that Medi-Cal will continue to cover are:

- Anorexia, weight loss or weight gain.
- Symptomatic relief of coughs and colds.
- Non-prescription drugs (Part D, not Medi-Cal, covers insulin, syringes and smoking cessation products).
- Barbiturates.
- Benzodiazepines.
- Prescription vitamins and minerals. (Select single vitamins and minerals pursuant to prior authorization or utilization restrictions. Combination vitamin and mineral products are not a benefit. Vitamins or minerals used for dietary supplementation are not a benefit.)

For more information, see the "What's New" section of the Medi-Cal Web site (www.medi-cal.ca.gov), the Centers for Medicare & Medicaid Services Web site (www.cms.hhs.gov) or call 1-800-MEDICARE.

OPT OUT is a new service designed to save time and increase Medi-Cal accessibility. A monthly e-mail containing direct Web links to current bulletins, manual page updates, training information, and more is now available. Simply “opt-out” of receiving this same information on paper, through standard mail. To download the OPT-OUT enrollment form or for more information, go to the Medi-Cal Web site at www.medi-cal.ca.gov, and click the “Learn how...” OPT OUT link on the right side of the home page.

Stop Illegal Tobacco Sales

The simplest way to stop illegal tobacco sales to minors is for merchants to check ID and verify the age of the tobacco purchasers. Report illegal tobacco sales to 1-800-5-ASK-4-ID.

For more information, see the Department of Health Services Web site at <http://www.dhs.ca.gov>.

Provider Bulletin Archives Expanded on the Medi-Cal Web Site

The Medi-Cal Web site (www.medi-cal.ca.gov) now offers 12 months of *Medi-Cal Update* bulletin archives. A full year of *Program and Eligibility* (Part 1) and *Billing and Policy* (Part 2) updates in Word and Adobe Acrobat formats are now just a few clicks away. Providers are encouraged to visit their provider community in the “Provider Bulletins” section of the Medi-Cal Web site home page to download and print any issues they may have missed during the last year.

Provider Manual Updated to Reflect CMSP Transfer to Blue Cross**Save Removed Manual Pages**

Because administration of the County Medical Services Program (CMSP) transferred to Blue Cross Life & Health Insurance Company (Blue Cross) for dates of service on or after October 1, 2005, CMSP information is being updated in or removed from the Medi-Cal provider manuals. Providers should remove select CMSP-related pages from their manuals as noted on the “Instructions for Manual Replacement Pages.” **Important: The removed pages should be retained in the provider manual appendix. Pages to retain are identified by a double asterisk on the “Instructions for Manual Replacement Pages” in this *Medi-Cal Update*.**

Timeliness Restrictions

Providers may refer to the removed CMSP-related page to submit timely claims to Medi-Cal, as follows.

Medi-Cal will continue to process claims for services rendered to CMSP recipients prior to October 1, 2005. These claims must be submitted to EDS by September 30, 2006, and EDS will process them, subject to Medi-Cal timeliness guidelines, through March 31, 2007. EDS will not adjudicate CMSP claims after March 31, 2007.

CMSP Pilot Managed Care Program Ends October 1, 2005

With the transfer to Blue Cross, CMSP recipients enrolled in the managed care plan, Partnership HealthPlan of California – County Medical Services Program (PHC – CMSP) (Solano County – HCP 530), joined the general CMSP recipient population. Therefore, information about PHC – CMSP is removed from select manual pages.

Questions

For questions about the CMSP transfer, providers may contact Blue Cross at 1-800-670-6133.

**Updated HIPAA Technical Assistance Webcast Available via Online Archive**

The Department of Health Services (DHS) is again offering technical assistance on the 837 version 4010A1 Institutional and Professional claim transaction online via a Webcast recording. **The updated Webcast archive will be posted on October 1, 2005 and is available through December 2005.** The Webcast has been updated with current and future project information.

To view the archived Webcast, click the “Technical Assistance Webcast” link in the “HIPAA News” area of the Medi-Cal Web site (www.medi-cal.ca.gov). You can view the archive 24 hours a day, seven days a week through an Internet-connected computer.

Note: Please test your system before viewing an archived Webcast. Be sure to click the “Test Your System” icon to determine whether your computer meets the Webcast system requirements. These requirements are listed in the “Technical Requirements” section of the above page. If you need technical assistance, call Technical Support at 1-877-867-7300.

Who Will Benefit?

The presentation is technical in nature and meant for those familiar with the structure and data content of electronic and EDI transactions. Those who will benefit from the archived Webcast include technical support and clearinghouse personnel, software vendors and submitters. All participants are strongly encouraged to review and be familiar with the transaction’s HIPAA implementation and companion guides. **Please contact your technical support staff to let them know that online technical assistance is again available.**

Managed Care Plan Directory Updates

The Managed Care Plan (MCP) directory was updated to include a new address and telephone number for correspondence with Health Net in Fresno, Kern, Los Angeles, Sacramento, San Diego, Stanislaus and Tulare counties. The correct address and telephone number are:

Health Net
State Health Programs
11971 Foundation Place, GPD1
Rancho Cordova, CA 95670-7956
1-800-675-6110

The updated information is reflected on manual replacement pages mcp code dir 2, 3, 5, 6 and 9 (Part 1).

RAD Code and Correlation Table Addition

The following Remittance Advice Details (RAD) message has been added to help reconcile provider accounts.

<u>Code</u>	<u>Message</u>
9721	NDC on the Acquisition Cost Certification Statement does not match documentation on invoice.

Also, Adjustment Reason Codes (ARC), Adjustment Group Codes (AGC), Health Care Remarks Codes (HCRC) and description updates have been added to the *Remittance Advice Details (RAD) Electronic Correlation Table to National Codes* sections in the Part 1 manual.

This information is reflected on manual replacement pages remit cd9000 36 (Part 1), remit elect corr9700 1 (Part 1) and remit elect corr hcrc 3 (Part 1).

CMC Claim Submission for Medicare/Medi-Cal Crossover Billers

Effective October 24, 2005, approved providers/submitters billing claims for Medicare/Medi-Cal services that do not automatically cross over will be allowed to bill Medi-Cal electronically using the Computer Media Claims (CMC) system. Hard copy claim submission to Medi-Cal will remain an option but will no longer be required for most inpatient, outpatient, skilled nursing facility, medical and vision claim types.

Providers who prefer to continue billing crossover claims on paper for Part B services billed to Part A Intermediaries will be required to use the *UB-92 Claim Form* and comply with revised billing instructions. Please note that these new requirements apply to all providers who bill their services to Part A Medicare Intermediaries even if they were previously required to bill hard copy using the *CMS 1500 (HCFA 1500)* claim form.

Complete information about this new policy was announced in the September 2005 *Medi-Cal Update*. Provider manual updates are included in this month's *Medi-Cal Update*.

HIPAA National Provider Identifier Update

Reminder: All eligible health care providers are required by law to apply for a National Provider Identifier (NPI). To assist providers, the Centers for Medicare & Medicaid Services (CMS) have made an instructional tool available called the NPI Viewlet. This tool provides an overview of the NPI, a walkthrough of the NPI application, and a link to the National Plan and Provider Enumeration System (NPPES) from which the provider obtains an NPI. The NPI Viewlet is available at www.cms.hhs.gov/medlearn/npi/npiviewlet.asp.

Providers wanting to obtain an NPI directly from the NPPES either by mail or Web application should access the CMS NPPES Web site for both the mailing address and electronic application at <https://nppes.cms.hhs.gov>.

Please see HIPAA, page 5

HIPAA (*continued*)

Mandatory use of the NPI is set for May 23, 2007; however, during the interim period, Medi-Cal is encouraging providers who have obtained an NPI to start submitting it along with their Medi-Cal provider number on the ASC X12N 837 v.4010A1 claim transactions. Instructions about how to submit the Medi-Cal Provider ID and the NPI were published in the July 2005 *Medi-Cal Update*.

CMS will be releasing information providing clarification about subpart enumeration for organization health care providers, including hospitals, group practices and pharmacy chains. A link to that announcement will be provided in an upcoming *Medi-Cal Update* when the information becomes available.

Increasingly, health care providers are being asked to maintain uniformity and consistency. Uniformity requests that all similar provider organizations (e.g., hospitals, Federally Qualified Health Centers, pharmacies, medical groups, independent labs, etc.) get similar subparts for their organizations. Consistency requests providers to bill similar services to all health plans with the same NPI – Medicare should not be billed with one subpart and Medi-Cal with another subpart for the same type(s) of service.

Linking Paper Attachments to Point of Service (POS) Device Health Care Claims Coming Soon

Beginning October 24, 2005, providers may link paper attachments to their 837 v.4010A1 Professional transactions submitted through the Point of Service (POS) device. The Department of Health Services (DHS) is introducing this new process to allow providers who submit electronic claims through the POS device to mail in their paper attachments.

To submit paper attachments linked to a POS device claim, providers must use an *Attachment Control Form* (ACF) as the coversheet for the supporting attachments. The ACF has a pre-printed Attachment Control Number (ACN), which providers input during their electronic claim submission in a specified field. Providers submit the electronic claim and mail the ACF along with the paper attachments to Medi-Cal. Medi-Cal then links the paper attachments and electronic claim for processing. Providers have a maximum of 40 calendar days after the electronic claim is submitted to mail the ACF along with the supporting documentation to Medi-Cal.

To begin using the new process, providers will need a supply of ACFs and ACF envelopes, which can be ordered by calling the Telephone Service Center (TSC) at 1-800-541-5555.

The *POS Device User Guide* will be updated to include step-by-step instructions in October 2005. It can be found on the Medi-Cal Web site at www.medi-cal.ca.gov by clicking the “User Guides” link.

Medi-Cal Suspended and Ineligible Provider List: October Update

The *Medi-Cal Suspended and Ineligible Provider List* (S & I List) has been updated. This list is updated monthly. For a complete S & I List, visit the Medi-Cal Web site at www.medi-cal.ca.gov and click the “S & I Provider List” link under “Provider Reference.” Providers may also order a hard copy update of the section by calling the Telephone Service Center (TSC) at 1-800-541-5555.

Additions and changes are shown in bold type and reinstated providers are removed from the S & I List. Always refer to the S & I List when verifying provider ineligibility.
